

April 10, 2019

Dear Prof Dr. TV Devarajan,

Hearty Greetings!!!

**Sub: Invitation to the Global Tamil Entrepreneurs Network to be held at Schaumburg, Illinois, USA on July 6, 2019.**

Global Tamil Entrepreneurs Network (GTEN) is a powerful one-day event, co-hosted by American Tamil Entrepreneurs Association (ATEA), that fosters entrepreneurship among members of Global Tamil community to be held on July 6th, 2019. This key session happens as a part of triad of premier events - **the 10th World Tamil Conference, 32nd Annual Convention of Federation of Tamil Sangams of North America (FETNA) and the Golden Jubilee Celebration of Chicago Tamil Sangam (CTS)**, to be held at Schaumburg, Illinois, USA from July 4 to 7 2019.

The fundamental objective of the GTEN conference is to provide a platform that can cultivate influential Tamil leaders across various business and professional landscapes: including Agro-Tech, Fintech, AI, Design, IT, Engineering, Medicine, Government, and Creative Entrepreneurship. We aim to engage Tamil business professionals on a global scale, provide them with opportunities to learn from others, impart their own wisdom, and build meaningful professional and personal relationships.

There is great potential to project Tamil business leaders into the future through global exposure. Cross-Cultural and intergenerational dialogue will promote diversity of thought and the ability to adapt in a dynamic, international business environment. We see Tamil entrepreneurs and leaders holding a significant and influential presence across various industries when the global Tamil community collectively supports one another.

We would be honored and elated if you could be a part of this Phenomenal Game-Changing event as a Key Speaker that is targeting to elevate the stature of our Global Tamil Entrepreneurial Community to match the pre-eminent standards.

Eminent speakers like Congressman Raja Krishnamoorthy, Padma Shri Dr. Bala Balachandran, Dr. Palani Periyasamy and other Tamil entrepreneurs across generations confirmed their participation.

Please let us know of your interest and schedule for our Organizers to reach out to you for further clarifications, so that the event and your presentation could be planned accordingly.

We look forward to your participation and contribution to a successful GTEN 2019.

Warm Regards,

GTEN TEAM
