## Departments of Physiology, Biochemistry and Anatomy

Intercollegiate Model Making Competition on 27<sup>th</sup> May 2019

Intercollegiate Model Making Competition was held on 27<sup>th</sup> May 2019. 4 teams in Physiology, 12 teams in Biochemistry and 20 teams in Anatomy participated in the event. The Department organizers were Dr Lakshmi Jatiya (Physiology), Dr Manju M (Biochemistry) and Dr Ilankathir (Anatomy). Dr T Rajan, VP was instrumental in organizing the event.

Winners were awarded with certificate and a trophy. Overall winners were awarded with certificates, trophies and cash prize.

Dean, Dr M K Muralitharan inaugurated the event.

### **Winners in Anatomy model making**

First prize: Moaz Bin Qaisar & Dhaval Sawant; Topic: Carpel tunnel syndrome

Second prize: Poojalaxmi & Sanchalika Roy; Topic: Popliteal fossa

### **Winners in Physiology model making**

First prize: Neha Panda & Sreeya Narisetty; Topic: Working model of respiratory system

Second prize: Ashutosh Pradhan & Arkadipta Kar; Topic: POP bottle heart

### **Winners in Biochemistry model making**

First prize: Simpy Saxena & Rituparna Pani; Topic: Chylomicron

Second prize: Amrita.P.Kumar & Vaishnavi; Topic: Fluid mosaic model of cell membrane

**Overall First:** Poojasree & Haneena- (Dept. of Biochemistry); Mechanism of action of Insulin model

**Overall Second:** Sourav Musib & Subhalin Sahoo (Dept. of Physiology); Origin & conduction of cardiac impulse & heart block model

**Overall Third:** Sankarshan & Sivaneswaran (Dept. of Anatomy); Lungs & mechanism of respiration model
